

Nursery Learning Journey

Week beginning: 12th November 2018

This week our topic is Shape

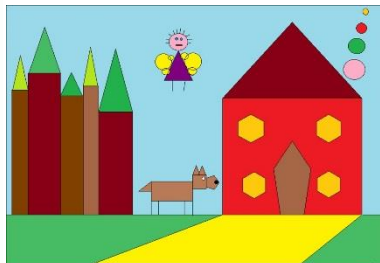

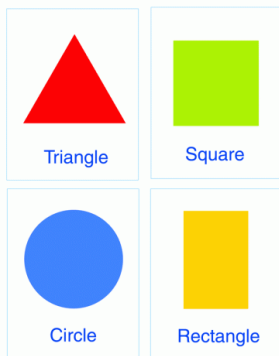

This week we will be learning about 2D shapes and the story 'Mouse shapes'. During our adult led 'Rainbow Time' children will be learning the names of 2D shapes, what they look like and even hunting for them in the environment. They will be doing many activities based around 2D shapes such as creating shape pictures, fishing for shapes in the water tray, sorting shapes and using iPads to make a collection of shapes that we can find in our environment.

For your information

Please can you make sure that you give the technology questionnaire that is attached to this letter to your child's keyworker. This information is extremely useful to help us with our assessment and planning for the children.

Please remember:

To bring in a coat for your child as the weather gets colder.

Home Challenge

This week's home challenge is to go on a 2D shape hunt around the home. Find things that are shaped as circles, triangles, squares and rectangles. Your child may like to draw or take photos of the things they find. We would love to see the drawing or photos.
Thank you for your support.

How you can help at home

- ✓ Learn about 2D shapes using this shapes song the children have learnt at school:
<https://www.youtube.com/watch?v=w6eTDfkvPmo>
- ✓ Talk to your child about things that are shaped as circles, triangles, squares and rectangles.
