

Year R Learning Journey

Week beginning: 28th January 2019

This week our topic is Dinosaurs

We will be continuing to learn all about dinosaurs. In literacy we will be writing dinosaur fact files, creating a Wanted Poster and writing dinosaur descriptions. In Phonics we will be continuing to learn our trickier sounds and begin to read words with these sounds in. Each week we will focus on two new sounds.

In Maths we will be learning about weighing.

For your information

When you change your child's reading book in the morning please ensure you **only take the colour book your child's teacher has put them on**. Please ask your child's teacher if you are unsure which colour book they are on.

Thank you

Sounds of the week:

Home Challenge

This week's home challenge is to weigh objects whilst food shopping. We would like you to discuss which objects are the 'heaviest' and 'lightest.'

We would love to see any photos!

Thank you for your support.

How you can help at home

- ✓ Keep practising with your child daily their sounds and key words. Can they write these?
- ✓ Can your child order numbers 1- 20. Can they order numbers beyond 20?
- ✓ Learn more about dinosaurs.
