

22 November 2019

Dear Parents,

This term in Year 5, the children have been learning lots about Ancient Egypt. Howard Carter came to visit; we discovered Tutankhamun's tomb and the children have made some fantastic Egypt inspired board games for homework. To celebrate all our learning so far, the children will soon be making their artefacts for the annual Egyptian Museum.

The museum will open its doors on Friday 13 December 2019 at 2:15pm in the Year 5 classrooms. During the museum, we will also be sharing the children's board games and Egyptian inspired DT projects. There will be time for you to join in these games with the children.

We hope to see you all there,

Miss Hotston and Miss Deller

*NB: In order to make their artefacts, the children need to bring in recycling. On the week beginning Monday 9 December (no earlier please), please send your children to school with any leftover cardboard boxes, clean milk cartons or clean plastic bottles. We will recycle any that is left over.*
