

# Year 1 Learning Journey

Week beginning: 27<sup>th</sup> January 2020

**This week our English lessons will be linked to old toys and our trip to Milestones.**

At the beginning of the week the children will be discussing our fantastic trip to Milestones. They will be recalling the various activities they did during the day and then putting photos into order. The children will then write a recount of their day.

Towards the end of the week the children will be writing fact files about olden day toys using the knowledge they gained from the trip.

**This week in Maths our lessons will focus on addition.**

This week the children will be adding using tens frames and number lines. There will be a focus on what the different parts of a number sentence really mean.

As the week progresses the children will then move on to solve addition word problems. They will be encouraged to work systematically to find the solution.

## Phonics sounds of the week:

We will be learning 3 new sounds

ew (screw)

ph (dolphin)

oe (toe)

## Key words of the week:

**were your**

*Please note the children are expected to be able to read and spell these words by the end of Year 1.*

## How you can help at home

- ✓ In PE the children have been continuing to learn how to kick the ball. This week they have also been learning to aim and score a goal. Why not set up a goal home and have a go at kicking and scoring a goal with a ball. To increase the challenge make the goal smaller or stand further away from the goal before kicking the ball.

Thank you for your support.

## A reminder:

Tiger Class parent assembly is on Thursday 30<sup>th</sup> January at 9:05am in the Infant Hall. We look forward to seeing you there.

## Milestones Trip

On Wednesday the whole of Year One went on their trip to Milestones Museum. The children were impeccably behaved and we are so proud of them all. They had a fantastic time - the highlights being lunch and the man on the toilet!
