

# Year R Learning Journey

Week beginning: 10<sup>th</sup> February 2020

**We are continuing to learn about 'All around the World'. This week we will be learning about China and Australia.**

We will be learning about how people celebrated Chinese New Year this year. We will also be learning about Australia and making some Aboriginal Art as well as learning about some Australian animals. In maths we will be learning about 3D shapes, exploring objects from around our homes and naming the shape.

## Don't Forget

We are collecting a number of things for our activities over the next weeks: kitchen roll, wrapping paper tubes for making didgeridoos, travel brochures, postcards, photos, artefacts from China or Australia. We would be grateful for any donations. Many thanks for your continued support.

In Literacy we will be tasting egg noodles. Please let us know if your child cannot join in with this.

Sounds of the week:

or ur ow

Words of the week:

do some

## Home Challenge

This week's home challenge is to talk to your child about places that you have been on holiday. You could bring in some photographs to share with the class or a story to share with your teacher.

Thank you for your support.

## How you can help at home

As we are learning about Chinese New Year, why not find out which year all of your family members were born in using this website :

<http://www.topmarks.co.uk/ChineseNewYear/Zodiac>

Talk to your child about the city and country they were born in or where their family is from. Feel free to come in and add your child's photo to that country on our world map display.
