

Year 1 Learning Journey

Week beginning: 25th February 2020

This week our English lessons will be linked to our new topic on schools.

The children will be starting the unit thinking about their own school before moving on to learning about Victorian schools in the coming weeks.

The children will be making their own posters about Portswood Primary School. After taking a tour of the school the children will discuss its features and then make an eye-catching poster including information about the school.

This week in Maths our lessons will focus on partitioning.

The children will be recapping previous learning where the children partitioned 2 digit numbers into **tens** and **ones**.

e.g. 26 has 2 tens and 6 ones. We can show this as $20 + 6 = 26$.

They will start by doing this practically with physical equipment such as sticks of tens and ones cubes. They will then move on to pictorial representations.

Phonics sounds of the week:

Recap of all Phase 5 sounds.
