

Year R Learning Journey

Week beginning: 16th March 2020

This week our topic is Growing

In Literacy this week we will be looking at the life cycle of a chicken and writing about it.

In maths we will be investigating pattern and creating our own patterns.

We will also be using different materials to create a chick collage. We will also be thinking about ordering life cycles.

Don't Forget

From week beginning the 23rd March, we are learning about how the children have grown and changed since they were babies. We would love it if the children could bring in a named baby photo of themselves for us to talk about.

Please ensure your child has a suitable PE kit for PE.

Recap all the taught key words

Home Challenge

Do you have any old family photographs that show you as children or even grandparents as children? Get them out and spend time looking at them with your child and talk about how you have changed.

Thank you for your support.

How you can help at home

- ✓ Keep practising with your child daily their sounds and key words. Can they write these?
- ✓ Can your child add one more to 20? Can they add one more beyond 20?
- ✓ Practise reading and writing numbers 1-20 with your child. Are they confident to recognise all of the numbers up to 20 when they are muddled up?
