

12 December 2025

Dear Parents,

Today, you will receive an attainment report for your child for the Autumn Term via email.

This will contain the latest teacher assessment information for your child.

If your child is in years three to six, it will also include the latest outcomes of standardised tests carried out in school in November 2025.

A copy of this will also be available in the Arbor Parent Portal.

Further pupil attainment reports will follow in the spring and the summer term.

We are sharing these reports with the intention of keeping you informed of your child's attainment.

Yours sincerely

J. Leonard
Deputy Head
