

19 January 2026

Headteacher - Tony Head

Dear parents,

We have a small number of iPad's that have previously been used to support learning in school. These devices cannot be used on our school network, and we are looking to donate them to families in our school.

If you feel it would be useful for your child to receive one of these devices, then we would encourage you to apply for one.

The closing date for application is Friday 13 February 2026.

Devices allocated will belong to you, will be your responsibility and will not be managed or maintained by the school, just as it would be if you bought a computer from a shop. You should also be aware that there are no charging cables (lightning chargers) available with these devices, and you would need to purchase these yourself.

We have a limited number of devices and so will be allocating them, to families who identify that they have no devices for children, based on the following criteria:

- 1) Looked after/formerly looked after pupils
- 2) Pupils who are in receipt of pupil premium
- 3) Pupils with an EHCP
- 4) A child with an assigned social worker
- 5) Pupils with any other identified SEND needs
- 6) The number of siblings within the family

Any further allocation, if required, will be decided by a drawing of names.

If you would like to be considered for the donation of a device, please complete the form on the attached link.
