

12 June 2026

Dear parents,

We are pleased to inform you that, starting next week, the Local Authority will be installing a number of cycle stands on the vacant area of land outside the large gates nearest to the Recreation Park entrance to the school.

This development follows feedback received through our parent questionnaire, and by working with the Local Authority on travel planning and active travel to school and by working hard to convince them to allow this piece of land to be used, we are delighted for this to now be happening.

As part of their work, the local authority will carry out some observations to see how well they are being utilised and hopefully may be expanded upon in the future if demand is high.

Once the cycle stands are installed and in use, I would like to make parents aware that they will be located on public land and will not form part of the school's premises. As such, the cycle stands and any bicycles left there will not be under the school's supervision or responsibility.

Thank you for your continued support

Yours sincerely,

Tony Head
Headteacher
