

3 July 2026

Dear Parents,

On Friday evening last week, and again on Wednesday evening this week, a group of older boys entered the school grounds without permission. They attempted to gain access to the school building, threw toys used by our children across the site, and climbed onto several of the school's low roofs. These actions not only create a risk of injury to those involved but also have the potential to cause damage to school property.

Such actions ultimately impact the children who attend our school, as damaged or misplaced equipment reduces the resources available for their play and a learning environment that is not as well-resourced as it should be.

Below are images of some of the individuals involved, including images showing them being collected by a car on the road adjacent to the top playground near the Rec.

If you recognise any of the individuals in these images, we would be grateful if you could let the school know. Any information provided will be passed to those investigating the trespassing incidents.

Thank you for your continued support and cooperation.

Yours sincerely

Tony Head
