

# Nursery Newsletter

Week beginning: 11<sup>th</sup> December 2023

## Important information for after the Christmas holidays

We will be welcoming lots of new children the first week back and will now be full!

Because of this, we need to make some changes to our keyworker groups.

If your child attends for 30 hours they will now be Ladybirds with Karen.

If your child attends for the am or the pm session they will now be Bumblebees with Ishaka.

If your child attends for 2 and a half days at the beginning or end of the week they will be Caterpillars with Jacqui.

We will be working with the children this week to help them with this transition, so that they are able to spend time with their new keyworker, and in their new space.

We would appreciate it if you could talk about these changes with your child. If you have any questions, please come and see Jacqui.

Thank you

Please remember that we  
**are closed on Friday 15<sup>th</sup>**  
**December for an INSET.**

## What are we learning?

This week we will be continuing our work on Christmas, making decorations, cards, decorating the Christmas tree and enjoying music.

## **Home Challenge**

This week's home challenge is for you to talk to your child about a special celebration in your family. Talk about the special food you have, the significance of presents.

Thank you for your support.

## **How you can help at home**

Please rewatch all of the Nursery Rhymes that we have learnt so far.
