

# Year R Learning Journey

Week beginning: 11<sup>th</sup> March 2024

## **This week our topic is Keeping fit and Healthy.**

In Literacy we will be focussing on healthy eating and the importance of being active for both our bodies and our minds.

We will also be learning about which foods will help us to grow, and the effects that exercise has on our bodies.

In maths we will be learning about repeating pattern.

## **Please remember**

A polite reminder that the doors close at 9am and after that your child will be marked as late. At school we celebrate punctuality and attendance. Every week the classes that have the best attendance and the least absences get a golden ticket. At the end of each term the classes that have the most golden tickets get a special reward.

## **Home Challenge**

Collect some objects you can find in your house that are 3D shapes, e.g. cereal packets, pringle tubes, oranges. Sort them into groups of the same shapes. How many objects have you found with corners? How many round objects do you have? How many have curved edges or sides? Can you name them all?

Look at some empty packages and boxes. What shape are they? Can you find a cube, a cylinder or a cuboid shape? Bring in some 3D shape boxes to show the class.

## **How you can help at home**

- ✓ Practise the sounds we have learnt so far, especially the new digraphs. Can they spot them in their story books?
- ✓ Encourage your child to practice their number bonds to 10. Can they remember 2 numbers that make 10? Use your fingers or objects to help support them.
- ✓ What 2D and 3D shapes can they identify?
- ✓ [OLIVER'S VEGETABLES | Healthy Eating Story](#) | Read aloud #storyoftheweek
