23 April 2024

Headteacher - Tony Head

Dear Parents,

For the whole of the week beginning 24 June 2024, Year 5 will be running an 'Engineering Week'. The week will be based around the book 'Rosie Revere, Engineer' by Andrea Beaty, a story of a little girl and her passion for inventing. Over the course of the week, the children will be learning about different jobs in engineering and completing a variety of engineering tasks for themselves. The work will culminate in the designing and building of Land Yachts as part of their DT curriculum.

We would love your help to make this week interactive and engaging for the children. Therefore, we would really like to have guest speakers to talk to the children about their job in engineering. This could either be in person or via Microsoft Teams. It is 'International Women in Engineering Day' on 23 June 2024 so it would be lovely to hear from any female engineers in particular.

If you work in engineering and have anything you would like to share with the children about your role, we would love to hear from you. It could be Q and A session with the children where they can ask you about your job or you could have an interesting engineering activity that links to your role that the children could carry out. Whatever it is that you can offer, we would be incredibly grateful for your support.

If you think you would be able to assist at any point with our engineering week, please could you complete the slip below or email 5D@portswoodpri.org.uk before Friday 24 May 2024.

As always, thank you for your continued support,

Miss Deller

Engineering Week – Week beginning 24 June 2024

I parent of

can help with Year 5 Engineering week on the week beginning 24 June 2024.

Your job role:

What help can you offer?

Which days are you available?

Monday 24 June

Tuesday 25 June

Wednesday 26 June

Thursday 27 June

Please provide any additional information on the back of this slip:
