

3 November 2020

Dear Parent,

It is our pleasure to welcome you all back and we hope that, despite the rain, everyone had a wonderful half term.

With the announcement of a further national lockdown from Thursday 5 November 2020; we are relieved that children will still be coming to school. Whilst the numbers of Covid cases remains fewer in the South, we want to continue to protect our community as best as possible.

Therefore, we would like your support by limiting the number of people that enter the school site each day. Where possible, we ask that only one person drops and collects your children from the Reception classes to support social distancing. While we appreciate it is not always possible, if other children do not need to come with you for collection, we ask that they please stay away from the main school gate and the classroom.

We would also recommend that parents entering the school site now wear a facemask in order to help protect one another.

Thank you for helping us to keep everyone at Portswood Primary School safe.

Yours sincerely,

Ian Howie
Vice Principal (Inclusions)
