

Nursery Learning Journey

Week beginning: 7th December 2020

This week our topic is Winter/Christmas

We will be learning about Winter and Christmas. They will be doing activities based around winter such as building an igloo, exploring frozen ice animals, looking at non-fiction books and making a snowman out of shapes.

There will be having a Christmas tree for the children to decorate daily. We will also be including the songs and music from Frozen.

Home Challenge

This week's home challenge is for your child to make a winter or frozen picture. We would love to see any of the work that they produce, so that it can be displayed in the Nursery.

Please remember:

Please can we ask you to remember the rules of social distancing at drop off and pick up times and to please wear a face covering.

Christmas jumper day is the 11th December, please bring a £1 donation. Thank you

Singing Hands are a fantastic and have lots of videos on YouTube to support the learning of Makaton. Check out this short clip, that shows you how to sign winter.

<https://www.youtube.com/watch?v=cx59StkygH8>

And this is a link that would help you learn how to sign Jingle Bells [Jingle Bells | Mr Tumble Christmas Songs - YouTube](#)

How you can help at home

- ✓ Whilst children are getting dressed in the morning discuss why they are putting on winter clothes.
- ✓ Go on a nature walk and talk about the changes that happen in winter.
