

Year R Learning Journey

Week beginning: 7th December 2020

This week our topic is Little Red Riding Hood

We will be learning all about the story of Little Red Riding Hood. In literacy we will be retelling the story of Little Red Riding Hood using actions, masks and puppets.

We will also be learning how to write words from the story using our phonic knowledge.

In Maths we will be recapping our learning from the term such as counting, number recognition, size and 2D shape.

For your information

Please continue to encourage your child to practise their lines from our nativity in a loud, clear voice.

Please ensure your child's costume for the nativity performance is brought to school in a named carrier bag. If you have any issues please speak to your child's class teacher.

Thank you.

Home Challenge

This week's home challenge is to go on a shape walk, to see what shapes your child can find in the environment.

For example, a car tyre or a clock is a circle. A road sign is a triangle or some toast could be a triangle or rectangle. Please take photographs of the different shapes and work with your child on how they could present their findings.

Thank you for your support.

How you can help at home

- ✓ Keep practising with your child daily their sounds and key words. Can they write these?
- ✓ Can your child name any 2D shapes? Challenge: Can they describe what the shape looks like?
- ✓ Encourage your child to retell the story of Little Red Riding Hood.
