

# Year R Learning Journey

Week beginning: 11 January 2021

## **This week our topic is Dinosaurs**

We will be continuing to learn all about dinosaurs. In literacy we will be writing dinosaur fact files, creating a Wanted Poster and writing dinosaur descriptions. In Phonics we will be starting to learn our trickier sounds and begin to read words with these sounds in.

In Maths we will be learning about weighing.

## **Don't Forget**

If your child is a keyworker or vulnerable child, and coming to school, please remember to bring their book bag daily.

Sounds of the week:

Words of the week:

said have

## **Home Challenge**

This week's home challenge is to weigh objects whilst food shopping. We would like you to discuss which objects are the 'heaviest' and 'lightest.'

We would love to see any photos!

Thank you for your support.

## **How you can help at home**

- ✓ Keep practising with your child daily their sounds and key words. Can they write these?
- ✓ Can your child add one more to 20?
- ✓ Can they add one more beyond 20?
- ✓ Learn more about sea creatures.
