

Year R Learning Journey

Week beginning: 29th March 2021

This week our topic is Easter

In Literacy this week we will be writing about Spring.

In Maths we will be learning how to represent and sort the numbers 9 and 10 using a variety of maths equipment such as a tens frame and numicon.

We will also be looking at the Easter story and finding out why Easter is important to Christians and making Easter cards.

Don't Forget

School will be closed for two weeks for the Easter holidays. We will be back at school on Tuesday 20th April.

After the Easter holidays we will be learning about 'People who help us' for two weeks. We are looking for parent volunteers to talk to us over Teams about how they help people in their jobs. For example doctors, vets, police officers. If you are able to do this, please let your child's class teacher know.

Home Challenge

Your home challenge this week is to decorate an Easter egg. Can you do a pattern on your egg?

Thank you for your support.

How you can help at home

- ✓ Can your child add one more to 20?
Can they find one less than a number to 20?
- ✓ Encourage your child to practise their writing at home, can they write a simple sentence?
