Dear Parents

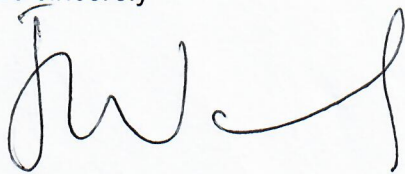

Following my letter before Easter, I am delighted to let you know that the school's subscription to the Collins 'Big Cat' online reading scheme has been completed and is available for you to use at home.

The library has over 1000 colour-banded books - from wordless books and phonics readers right up to books suitable for children in Years 5 and 6. Class teachers have allocated books at the appropriate level for each child which they can now access online both at home and at school. This is in addition to the physical copies of the texts which are also available in school.

Children can use their usual school username and password to log in to the library – this is the same as their login for Microsoft Teams which was used during lockdown. If you are unsure what this is, please contact their class teacher. A 'Parent Guide' has been attached to this letter which gives you full information regarding how to access the library. The Collins e-book app is also available and free to download should you wish to access the library in this way. You can log in to the app using the same details and download books to your device, after which they can be accessed without needing to be connected to the internet.

We hope that you enjoy using this library and that it provides a helpful resource to encourage reading at home. As ever, do contact me if you have any questions or would like further information.

Yours sincerely

Jimmy Ward
English Lead
