

Year R Learning Journey

Week beginning: 26th April 2021

This week we are continuing our topic of People Who Help Us.

In literacy the children will be creating fact files about different people who help us. In maths we will be learning about odd and even numbers.

We are hoping to have some special visitors talk to the children about their jobs via Teams. If you work as a dentist, firefighter, police, nurse, vet etc we would love for hear talk to you via Teams or you could produce us a pre-recorded video. Please talk to your class teacher.

Don't Forget

You can now access online reading books. **Your child's username and password is the same as their Teams login details.** You should have received a letter explaining about the new online reading books. Any questions, please ask your class teacher. We have allocated books to each child. Please remember that children need to become fluent at reading each book. Once this is the case, new books will be allocated.

Thank you!

Words of the week:

one when

How you can help at home

We are focusing on the key words that we have learnt so far. See attached key word list.

- ✓ Create a keyword treasure hunt. Ask your child to write the words on sticky notes and then hide them around your home. Give your child 5 minutes to find the words. They can only 'win' the word if they can say it. Thank you for your support.

Home Challenge

Your home challenge this week is to practise dressing and undressing independently. How quickly can you do it? Ask an adult to time you, write the time taken on a wow star and peg it to the home challenge board in the classroom.
